CONFERENCE VENUE

XXVI Conference of the Serbian Crystallographic Society will be held on June 27–28th 2019, at Silver Lake, hotel “Danubia Park” (<http://en.srebrnojezero.com/>).

Silver Lake is an artificial lake at the Danube right bank and represents its former branch, which is now closed with two dams. It is located in Braničevo district in eastern Serbia, 2 km from Veliko Gradište. The average width is about 300 m, and the average length is about 14 km.
