CONFERENCE VENUE and TRAVEL INFORMATION

XXVI Conference of the Serbian Crystallographic Society will be held on June 27-28th 2019, at Silver Lake, hotel "Danubia Park" (<http://en.srebrnojezero.com/>).

Silver Lake is an artificial lake at the Danube right bank and represents its former branch, which is now closed with two dams. It is located in Braničevo district in eastern Serbia, 2 km from Veliko Gradište. The average width is about 300 m, and the average length about 14 km.

Silver Lake Resort, which includes Danubia Park hotel, is a resort on Silver Lake with congress, sports, tourist and recreational facilities. It consists of aquapark, tourist boat, restaurant and cafe, villas and apartment complex, tennis courts, marina, as well as entertainment, recreation and health areas. Also, the conditions for water sports are excellent. The national championship in water skiing takes place at Silver Lake since 2000.

Near lake, on the right bank of the Danube, a Middle Age fortress Golubački grad is settled, a cultural monument of exceptional significance. It is located on high cliffs at the entrance to the Đerdap Gorge.

In order to arrive to the Silver Lake, it is necessary to reach Veliko Gradište, which is 115 km away from Belgrade, *via* Požarevac. It means that the exit "Požarevac" of the Belgrade-Niš highway should be taken, then the bypass around Požarevac following regional route towards the west until the restaurant "Knez" (before Veliko Gradište), where the turn to the left is needed to get to the hotel "Danubia Park". The coordinates of the hotel are 44°45'45.3"N 21°28'49.5"E. In the case of start from Novi Sad it is necessary to reach Belgrade and then follow upper route, while in the case of start from Kragujevac, the exit "Požarevac" of the Niš-Belgrade highway should be taken and then continue as stated.
